Empowering great futures for our clients and their families ...

What is BUDGET BUILDER

Budget Builder enables NDIS participants to maximise their NDIS funding. Auscare Support Budget Builders have vast experience navigating the complexities of the NDIS. By utilising their knowledge of the NDIS and budgeting tools developed by My Spending Planner, they will develop a plan for you that will match your needs with your budget.

Budget Builder clients feel in control of their funds and have peace of mind knowing that they are making the most of their funding and are in the best position to achieve their goals.

How does BUDGET BUILDER WORK?

You schedule sessions with a Budget Builder over the phone or via Zoom®. During your first session, a plan is developed showing all the services you need and their cost. Your Budget Builder sends you a detailed report of the plan that you can use as a reference and to share with your Plan Manager or Support Coordinator.

You can use *Budget Builder* at any point during your plan - from the beginning, to the middle, to the end. We recommend that in addition to your first Budget Build session, you schedule quarterly, half-year and new Budget Build sessions.
